

Dr. Miten Sheth has completed his M.B.B.S. from LTMMC, Sion Hospital and M.S. (Orthopaedics) from the prestigious Seth G. S Medical College and KEM Hospital. He has also been certified by NBE, New Delhi as Diplomate of National Board (DNB) in Orthopaedics.

He went on for further training in Adult Reconstructive Knee Surgery under one of India's foremost Knee surgeonmentors, Dr. Sachin Tapasvi in Pune. His practice is one of the few ISAKOS (International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine) training centers in the country.

Apart from his Indian learning curve, Dr. Sheth has trained abroad as well. He completed his Fellowship in Sports Medicine and Arthroscopy at Seoul, South

Korea in 2014 and Fellowship in Minimally Invasive Knee Arthroplasty at Invasive Knee Arthroplasty at Paderborn, Germany in 2015. He has also imbibed inputs from Prof. Munjed Al Muderis, A proponent of navigated knee surgeries in Sydney, Australia.

Dr. Sheth is a graduate of the International Olympic Committee (IOC) Sports Diploma Program and also holds a FIFA Diploma in Sports Medicine. His areas of interest include adolescent sports injuries, recalcitrant knee pain and the young arthritic knee.

He is adept at knee arthroscopy, open multiligament reconstruction-ostetomies, partial and total knee replacements. This makes him one of Mumbai's few true Knee Surgeons.

SURGICAL SERVICES

ARTHROSCOPIC PROCEDURES

Ligament Surgeries

Primary ACL Repair
ACL/PCL Avulsion Fixation
ACL Augmentation/Reconstruction
Lateral Extra-articular Tenodesis
MCL Repair/Anatomic Reconstruction
PLC (Laprads's/Larson's) Reconstruction

Cartilage Restoration

Microfracturing
Osteochondral Autograft Transfer (OATS)
Autologous Chondrocyte Implantation
Meniscus Repair/Balancing
Para-meniscal Cyst Decompression
Synovial Sampling and Synovectomy
Popliteal Cyst Decompression
Ganglion Cyst Decompression

SURGICAL ARTHRITIS MANAGEMENT

High Tibial Osteotomy
Proximal Fibular Osteotomy
Partial Knee Replacement
Total Knee Replacement
Navigated Knee Replacement

PATELLO - FEMORAL PROCEDURES

MPFL Reconstruction
Tibial Tubercle Transfer
Trochleoplasty
Patello-femoral Replacement

ALIGNMENT - DEFORMITY CORRECTION

Single or multi-level Femoral Osteotomy
Single or multi-level Tibial Osteotomy
Growth Modulation
Hemi-Epiphysiodesis

TRAUMATIC KNEE TREATMENT

Complex Multi-ligament Reconstruction
Knee Dislocation Management

FRACTURE FIXATION

Proximal Tibia Fractures
Distal Femoral Fractures
Patellar Fractures

* We are also responsible for the department of Arthroscopy and Sports Medicine at SRCC Children's Hospital, Haji Ali (involves Paediatric and Adolescent Sports Injury Management)
